# PROJECT OVERVIEW

## Business Objective

- ❖ To analyse ThinkPad's sales performance and identify:
- ❖ Revenue drivers
- ❖ Profitability trends
- ❖ Top-performing products
- ❖ Best-performing sales representatives
- ❖ Customer purchasing patterns
- ❖ Opportunities for business growth

## Dataset Summary

- ❖ 34,867 sales transactions
- ❖ 36 states covered
- ❖ Multiple product categories
- ❖ Multiple payment channels
- ❖ Sales data across 2015–2016

# EXECUTIVE SUMMARY

## KEY FOCUS AREAS FOR THE ANALYSIS

| KPI                 | Value        |
|---------------------|--------------|
| Total Revenue       | ₦22.34M      |
| Total Profit        | ₦2.26M       |
| Total Quantity Sold | 69,820 Units |
| Profit Margin       | 10.1%        |
| States Covered      | 36           |

### Key Finding

Revenue generation is strong, but profitability remains relatively low at only 10.1%, suggesting opportunities for cost optimization and product mix improvement.

# PRODUCT PERFORMANCE ANALYSIS

## Top Product Categories by Revenue

- ❖ Phones - ₦11.49M
- ❖ Accessories - ₦7.42M
- ❖ Clothing - ₦3.44M

### Insight

- ❑ Phones contribute over 50% of total revenue.
- ❑ Accessories provide significant support revenue.
- ❑ Clothing contributes the least among major categories.

### Business Implication

- ⚠ The company is heavily dependent on phone sales.

# TOP SELLING PRODUCTS: BEST PERFORMING PRODUCTS

| Product     | Revenue | Insight                                                     |
|-------------|---------|-------------------------------------------------------------|
| iPhone      | ₦5.18M  | iPhone is the clear market leader.                          |
| Samsung     | ₦3.92M  | Premium devices drive substantial revenue.                  |
| Keyboard    | ₦2.87M  | Accessories such as keyboards contribute strongly to sales. |
| Wrist Watch | ₦2.74M  |                                                             |
| Infinix     | ₦2.39M  |                                                             |

SALES TEAM PERFORMANCE  
TOP SALES REPRESENTATIVES

| Sales Person | Revenue            |
|--------------|--------------------|
| Remota       | <del>₦</del> 4.76M |
| Feyisola     | <del>₦</del> 4.25M |
| Chinazam     | <del>₦</del> 3.53M |
| Segun        | <del>₦</del> 2.70M |
| Suleman      | <del>₦</del> 2.49M |

- Insight
- Remota generated the highest sales revenue.
  - Significant performance differences exist among team members.

Recommendation

Study top performers' sales techniques and replicate across the sales team.

# CUSTOMER ANALYSIS

## Revenue by Age Group

1. Young Adults - ₦10.27M
2. Youth - ₦7.05M
3. Adults - ₦4.39M

## Revenue by Gender

- Female: ₦11.78M
- Male: ₦10.57M

## Insight

- Young adults are the primary customer segment.
- Female customers generated slightly higher revenue than males.

## Recommendation

Develop targeted campaigns aimed at young professionals and female consumers.

# GEOGRAPHIC & PAYMENT INSIGHTS

## Top Revenue States

- 1. Lagos - ₦6.08M
- 2. Abuja - ₦4.28M
- 3. Abia - ₦2.87M

## Payment Methods

- Cash - ₦10.52M
- POS - ₦7.10M
- Online - ₦4.73M

## Insight

- Lagos alone contributes a substantial portion of sales.
- Cash remains dominant despite digital payment availability.

## Recommendation

Increase digital payment incentives to improve customer convenience and transaction tracking.

# LIMITATIONS

## Data Quality Issues Identified

1. Presence of invalid year value (1900).
2. Customer category inconsistency:
  - "High"
  - "Hign" (possible typo).
3. No information on:
  - Marketing campaigns
  - Customer retention
  - Returns/refunds
  - Product inventory levels
4. Dataset covers a limited period.

## Impact

These issues may slightly affect reporting accuracy and customer segmentation analysis.

# RECOMMENDATIONS & CONCLUSION

## Recommendations

### Sales Growth

- Focus inventory and promotions on high-performing phone brands.

### Profit Improvement

- Review pricing and procurement costs to improve margin above 10%.

### Customer Strategy

- Increase engagement with Young Adults and Female customers.

### Geographic Expansion

- Replicate Lagos and Abuja sales strategies in underperforming states.

### Digital Transformation

- Encourage online payments through discounts and loyalty rewards.

## Conclusion

ThinkPad generated strong revenue of ₦22.34M but has opportunities to improve profitability, customer targeting, and digital adoption to drive sustainable growth.

# THANK YOU

## ThinkPad Sales Performance Analysis Dashboard

### Business Value Delivered

- ✓ Identified key revenue drivers and profitability trends
- ✓ Evaluated product, customer, regional, and sales performance
- ✓ Transformed raw sales data into actionable business insights
- ✓ Provided recommendations to support data-driven decision-making and business growth
